

Wrens Newsletter - Week Beginning 02/05/2016

Our highlight this week has been our visit to Marwell Zoo. Everyone had a fantastic time and the weather was very kind to us. We have been so impressed by how much the children took in from the visit. They have recalled so much information about different habitats and how different animals are specially adapted to survive in them. In school the children have written about their experiences at Marwell Zoo and produced animal fact sheets. We have continued the zoo theme in our maths lessons by solving animal number problems. In phonics we are continuing to consolidate the long vowel sound spellings and spell words containing two adjacent consonants.

Please could you send in a shoe box or similar sized box on Monday for the children to paint and decorate on Tuesday. They will be making an underwater ocean scene.

Home Learning Challenge

In preparation for the craft activity mentioned above we would like the children to find out about ocean dwelling creatures.

Please help your child to find out about four creatures which live in the ocean. A record sheet is included with the newsletter. We would like to share the information on Tuesday afternoon.

My Ocean Animal Fact Sheet

Draw a picture of each of the four ocean creatures you found out about.

Write about your favourite one.

Name of animal.....

What does it eat?

.....

How is it adapted to life in the ocean?

.....

.....

Why is it your favourite?

.....
