

This week our focus has been The Three Billy Goats Gruff. We have read and compared different versions of the story, role-played it and written letters of advice to the Three Billy Goats suggesting what to do should the troll return.

In maths we have been sequencing the days of the week, using the vocabulary 'before' and 'after'. We have also been investigating which pairs of numbers can be added to make a total of 10 and doubling numbers up to 5 + 5.

In phonics we have covered the sounds /ai/ /ee/ and /igh/.

Mrs Higgins has been delighted with the work the children have been doing in her weekly gym lessons. She has been very impressed with their level of concentration and the quality of their work.

## Resources required for next week.

Next week our focus text shall be The Three Little Pigs. We want the children to design and build houses for the pigs using different materials. In order for us to provide this opportunity we need your help.

Please could you save up your junk over the weekend and the week ahead for us to use in school. We would also appreciate it if you could collect sticks and if you have it, please send in a bag of straw.

## Home Learning Challenge

Cut out and use the number shapes to find different ways of making 10 by adding two numbers. Each shape has a different number of holes, combine two shapes so that there are ten holes altogether. If you are unable to print out the accompanying sheet, you could use sets of objects, a string of ten beads to partition or make cards with dots ranging from 0-10 to match up.
