

Wrens Newsletter - Week Beginning 16/01/2017

We have had a lovely week in Foundation. We have read the story of 'Six Dinner Sid' by Inga Morre and gone on a spotter walk around Cheapside Village. In class we have followed up the story by making model houses to create Aristotle Street and Pythagoras Place then compared the height of the houses, measuring them with cubes. We have also used positional language to describe where Sid is hiding in, on and around the houses. We wrote postcards to our friends and posted them during our walk, to be delivered to school. During our walk we spotted different materials and in school we have been sorting them.

Reading

The children are progressing well with their reading development. We'd like to remind you all to ensure that your child has all of their reading materials, including letter sound cards in school every day. If your child is reading a book, please make sure that they are learning the tricky words and practising any new letter sounds we send home. Some books have activities in the front and back covers focusing on word and text skills, please carry these out with your child as they will enrich and strengthen reading skills. If at any time you would like to discuss your child's reading, if you have any questions or would like some advice we are very happy to help

Please note

PE days are still Tuesday and Wednesday. Please ensure that you return your child's PE kit to school on Wednesday.

Tapestry

It's always lovely to see what the children have been doing at home. Please continue to add your photos and notes. If you are not sure how, don't hesitate to come in and ask, we are always happy to help.

An idea to support your child's learning this week.

Look for and identify different materials in and around your home, add notes or a photo to Tapestry.
