

Wrens Newsletter - Week Beginning 19/06/2017

This week we have been very excited about going out to see the Queen. The children donned Cheapside hats and with their flags waving, gave enthusiastic cheers to the royal party and all who accompanied them, (including the odd stray cyclist tagging on behind). The week concluded with a much anticipated visit to the tea tent for an iced cake and cup of juice, which the children had decorated in class.

The children have enjoyed a mini-beast hunt this week around the school grounds and watching the caterpillars make chrysalises.

In class we have been using the text 'The Bad Tempered Ladybird' We have been having a go at using the book to stimulate some poetry writing and the children have all written a 'It bugs me when..' poem. We have also talked about what makes us happy, sad and angry. The book talks a lot about time so we have been making clock faces and learning to tell the time on the hour. We have also used ladybirds to explore addition number sentences and added spots to ladybirds to find the answers. In phonics we have been revising the 'ear' sound.

We have talked about animals and what they like to eat and have introduced the terms omnivores, carnivores and herbivores.

NB: Next Tuesday (27th June) is our Sport's Day Carousel. Please make sure your child has their PE kit in school. On Friday it is the main Sport's Day event to which you are all invited, we look forward to seeing you.
